Game drives

- The morning drive departs at sunrise and the afternoon drive (partly a night drive) leaves at approximately 2 hours before sunset. Each game drive is 3.5 to 4 hours long. The vehicles are in the park, which is a short boat trip across the Kafue River, so all game drives depart from within the park.

- Evening drives - the guide will find a nice spot to stop for a drink and watch the sun go down, before continuing into the night, attempting to spot the nocturnal game, such as bush baby, honey badgers as well as carts.

#### Boat cruises/sunset cruises

- Boat cruises over the Kafue River, they take place at any time of the day, but they can also have a scheduled Sunset Cruise each evening. On the boat cruise you drive slowly up the river, giving you the chance to take in the surroundings, have some sundowners and watch the sunset. Chances are high that you are likely to see hippos and crocodiles and a plethora of birds.

#### Visit to a Community School

- A visit to the Mukambi Community school can also be arranged after the morning activity. The school was built through generous donors and if you would like to bring anything for the school/pupils you can pack pen, pencils, children's reading books, magazines for the library and etc.
